III. Singing of the OSU Alma Mater

Representative Robb: I move to forgo the singing of the Alma Mater.

Representative Le: Second.

Speaker Pro Tempore: I think we should sing it.

Representative Alvarez: I disagree.

Representative Stuart: I think that I personally would love to learn it. I've only sung it twice in my history here. They didn't sing it to the public at the trial. If we push to better know it, it will be sung.

Representative Vanderwall: I am for forgoing this week because we don't have the lyrics. I think we should take a chance to listen to it how it's actually sung so we know how to actually sing it.

Representative Robb: Does Clerk Wolff have copies of the Alma Mater?

Speaker Hatlen: I believe she does.

Representative Robb: With that I think we should sing it anyway.

A voice vote was taken to forgo singing the Alma Mater.

Division of the House.

V. Standing Committee Reports

Ways and Means

Representative Struthers: We've been notified by SIFC as the request for the new position will be on the agenda.

VI. Special Committee Reports

Representative Struthers: The OSA Relationship Committee met last week and we approved our bylaws and elected the vice chair, Representative Stuart. We're waiting to know who the senators are. We included some things, I didn't bring print out of that. We didn't finalize that hopefully next week we'll have that. We also had guidelines of when people will give testimony and how that will be handled. We discussed what we'll have those presentations and testimonies the last thing we're meeting tomorrow at 6 p.m. in MU 212 if you want any input please go.

Speaker Hatlen: Is there a projected deadline?

Representative Struthers: The timeline we talked about is we want investigation work done before fall term. Whatever is left we'll write our final report as a committee and either the first or second week we'll present to congress our final findings and recommendations.

Speaker Hatlen: Senate is waiting to send funding to OSA until the committee has that findings.

Representative Struthers: Do you know who the senators are?

Representative Stuart: Crystal said she wanted to be in it.

Speaker Hatlen: I don't believe they discussed it before the trial.

VII. Joint Committee Reports

Joint Committee of Congressional Correspondence

Representative Robb: Senate held the impeachment trial but before that they had a meeting. The meeting consisted of tabling HR-03.03 for deliberation after the trial. I am unsure of the fate of this whether it'll go through or not. Beyond that the senate held the trial, which I believe everyone has knowledge of.

Approval of the Standing Rules

Speaker Hatlen: We have the standing rules ready for approval hopefully you’ve had a chance to look at those. Keep in mind those are the rules we’ll be held accountable to. If there’s anything in here I’ll entertain motion after discussion.

Representative Stuart: I was curious about under decorum and debate if that recall rule counted in one meeting or in regard to a series of meetings. I was curious if that three call rule before subject to remove is for that was the meeting at hand or anytime in the term.

Speaker Hatlen: I believe its in a single meeting. That’s how I interpret it as chair. Are there any other questions?

Speaker Pro Tempore: I move to approve standing rules.

Representative Walters: Second

Speaker Pro Tempore: Call to question.

Speaker Hatlen: Dissention?

A voice vote was taken to approve the standing rules. The motion passed.

Speaker Hatlen: Please keep these with you as they’re our rules for each week.

Representative Struthers: I would ask that some time be given to introduce two individuals tonight with us. We have Rachel and Cristal. If you have any questions they could answer them tonight.

Cristal: I specifically work with students of color across the state and with student groups and cultural centers on campus across the state. I a working to empower them.

Rachel: We travel to the colleges across the state and we’re here to day and tomorrow. We want to offer our time tomorrow as well. As the equal student rights, I work to eliminate barriers and create safe spaces for student groups. We work on those issues we do trainings and work directly on developmental.

Representative Alvarez: Do you work with someone on campus?

Cristal: Right now I’m working with Blake the multi cultural task force director. We’re finding students interested in OSAC. I’ve been on campus before and have been meeting with cultural centers. We’ve been here today and again tomorrow. And enjoying the summit ASOSU is putting on.

Representative Head: The key note speaker today was great.

Representative Alvarez: What’s summit?

Cristal: It’s the Diversity Summit they’re hosting it. It started at 8:30 this morning and they have a key note tonight and they have another tomorrow. They’re talking

Speaker Hatlen: When does that start?

Cristal: It started at 7 tonight and over at 7:30 they have another key note tomorrow. Me and Rachel mentioned we have intersecting identities and it’s important we encourage our students in that.

Representative Stuart: If you have come across any organization difficulties as a state level where you had to fight specifically where you found opposition?

Rachel: The one thing to emphasize is that we as staff, the entire organization is student run. Its more about I would encourage you to speak with students across the state. OSU has been involved in OSA a long time you’re the ones at the forefront with having those conversations with OSA. That’s lobbying but that’s all you all within I would say some of the things we’ve come across are the issues in the past we didn’t get too far but you secure victories. It takes time in legislation to get bills passed but one of the things you all benefit from your campus is the transfer bill of rights and how students apart of the military can transfer their credits to community colleges because of all the training they did. All the work you did now those credits transfer to Oregon university system itself. A state wide force is really beneficial we have voices from eastern and southern all the way to PSU. It becomes easier to say to the opposition we know what we’re talking about you’re all living the lives. We’re staff and no longer in school I can say I care about your future.

Speaker Hatlen: Will you be available afer the meeting?

Rachel: Yes we will.

XI. Speaker’s Announcements

Speaker Hatlen: I don’t have any announcements but please continue to hold office hours. That’s how they’re holding you accountable. Think about writing legislation for the near future. There’s lots of issues on campus that need fixing.

Dick As far as office hours I noticed last week there wasn’t a sign up sheet there.

XII. House Comments

Representative Stuart: In regards to the last thing are we making any progress on gripe fest? You brought it up a couple meetings ago.

Speaker Hatlen: I wanted you all to look at it because its full of student complaints, issues and concerns. Its available online it’s a book of basically potential legislation to help students better their lives here.

Representative Stuart: Where is it online?
Speaker Hatlen: I believe its on ASOSU website. Talk to me and I’ll make sure you get that.
