

Hi, I am Kellen Croston. I am running for ASOSU Senate because I just love student government. I will be the best advocate for the student body that I can be, focusing on where we can distribute money and effort to the places where it serves students the best. As a Senator I will make sure that all appointees are qualified for the positions to which they are appointed. Right now I am involved with HCSA, Hall Council, and I regularly attend President's Council, General Assembly, and Residents Programming Board with the Resident's Hall Association. In High School I did all kinds of stuff too, I was president of NHS, Speech and Debate, MUN, and with leadership and student council I did a ton of fundraisers for a variety of organizations including Doernbecher Children's Hospital in which we raised more than \$50,000. Simply put, I love doing this kind of stuff, and I am good at it.
