If re-elected as a Representative of the House, I, David Lax, would fulfill my duty to properly support and productively further the future of all students at Oregon State University. My interest into continuing my representative duties lies in my drive to continue improvement within ASOSU, reflecting both the student body and congress. My current position as Representative has provided me with valuable experience which can be attributed towards another term. If re-elected to another term as Representative of the House, I promise to fight diligently on the behalf of the students of Oregon State University.
