- D. Sharepoint Access-[Campus Improvements Committee Workspace \(sharepoint.com\)](#)
- E. Qualtrics Survey and further creations-  
[https://oregonstate.qualtrics.com/jfe/form/SV\\_do0oy4JDlyP6OwK](https://oregonstate.qualtrics.com/jfe/form/SV_do0oy4JDlyP6OwK)
- F. Consider adding the bike share project to subcommittee 1’s project with bike security- tie well together and work for both could potentially lead to the same outcomes (Carissa). Subcommittee 2 is currently tackling both parking passes and bike share- delegate bike share to this subcommittee?

## V. Congressional Comments

A. [| University Information and Technology | Oregon State University](#)

## VI. Gallery Comments

## VII. Adjournment

### Minutes:

Agenda approved.

Bike Security contacts: Rep. O'Donnell is not present to discuss the matter.

Qualtrics poll: Sen. Alto created the preliminary bike lock poll. It currently is very short, but stands as an example of how to format surveys to gather student ideas. Included in this agenda document (under congressional comments) is a link from the university about creating Qualtrics surveys, as well as Sen. Alto's survey. Sen. Alto recommends SC members share the survey with roommates/friends/etc.

Eco2Go: Reps. O'Donnell and Krecklow have sent out emails to contacts. Rep. Krecklow is contacting Tobi Davies to see where the SUS office stands on the issue. Reps. O'Donnell and Krecklow plan to figure out why the program has not been restarted post-pandemic, and then take steps to figure out the logistics of restarting it.

Sharepoint: Link to the sharepoint is provided in this agenda. Sharepoint is where tasks for SC1 will be posted.

### Congressional comments:

- Bee Committee update: Rep. Rang's contact has not given her a reply, so she will be sending an updated message and possibly looking for another contact.
- Sen. Alto reminded SC1 of the CIC's general meeting happening next Sunday (11/20), and the updated meeting time for SC1 following the general meeting.

Meeting adjourned at 3:18 pm.
