VII. Adjournment

Minutes:

All members present 5:10 pm

CIC has a budget for projects

How many passes should be purchase

How will they be distributed

Creating a document for creating questions around distribution

Paired with scholarships

Try to advocate for an allocated amount of passes

OSU is currently overbooked on parking anyway

Thinking we actually need to propose more parking infrastructure. Where are these parking spots coming from?

If there was a way to reduce freshman parking, this could open up spaces. This is a difficult thing to implement.

How much does 200 parking passes cost? By doing this we are reallocating the passes to people with less means to afford.

Will contact transportation any known spaces of extra parking availability. Are they willing to sell bulk passes?

LOT TYPES ACROSS CAMPUS

OSU Corvallis has over 90 surface parking lots and one 5-story garage available to university vehicles, commuters, or on-campus residents. A few lots on campus are leased to non-OSU organizations and unavailable to the OSU community.

Note: No spaces were created or removed in FY 20.

Bike share meeting with the city. More to come on that. Moving Bike share to the sunday meeting subcommittee 1
