10/27/2025

Dear SFC Sport Club Liaison Search Committee:

I write this cover letter for consideration for the position of Sport Club Liaison of the Student Fee Committee. Through my hands-on experience with seemingly all aspects of recreational sports at Oregon State University, I feel as though I am a great fit for the position. Recreational sports have been a mainstay in not only my college career, but my entire life, and I have had the pleasure of serving the OSU community with my work in intramural sports and sport clubs for the last three years. In Sport Programs, I have progressed all the way through the position ladder, starting as an intramural sports official, and now going into my second year as a Senior Sport Programs Associate. This progression has allowed me to create deep connections with all levels of the department and has provided me with so much knowledge and insight on all facets of recreational sports. My passion for sports leaks heavily into my work, helping guide me as I engage with the diverse recreational sports community. I have been privileged to work with such an all-around passionate team that have taught me so much about leadership, communication, and emotional intelligence, all skills I find to be incredibly important and readily applicable to this position.

Delving further into my role as a Senior Sport Program Associate, I have learned how to adapt to change, a skill I think is extremely important for a role like Sport Club Liaison. Further, I work directly with a selection of sport clubs, helping manage their day-to-day functions, member interactions, and finances. I am well versed with our sport club budgets, accounting, and allocations, all of which apply directly to the role. On top of managing our clubs, I help manage a selection of our extensive intramural sport catalog, playing a part in everything from hiring and training officials to providing the best game experience possible for our participants. I know our sport club and intramural sport processes through and through and feel as though I would be a great representative for them.

My connection to sport clubs runs even deeper however, as I am the President of OSU's Dodgeball Club, a university funded Sport Club. Through this club, I have gained an exponential amount of knowledge in both management, leadership, and member engagement. I have seen through all club activities for the past two years and have worked tirelessly to create the best environment possible for my fellow club members. As silly as dodgeball sounds, I have been able to build up and cultivate a community of passionate students, all of which I have helped connect to the resources they have as students. Through my extensive experience in Recreational Sports, I believe that I can help relay information and communicate effectively with all parties involved, providing my own knowledge in the process. For the reasons stated, I feel as though I would be a strong candidate for this position. Thank you for your time, and I look forward to hearing from you in the future.

Sincerely,

Gabriel Chaparro
